Take this our dear Father Lord
receive out hearts and consecrate us,
Take this offer
take these our gifts
O Lord
take and bless us in return

We sing our songs of thanks giving
its a joyful sacrifice
it draws our hearts closer to you
Our Voices we bring
take and bless us in return.

Take this our dear Father Lord
receive out hearts and consecrate us,
Take this offer
take these our gifts
O Lord
take and bless us in return X2

The gifts you gave we bring with us,
the work of human hands,
Will turn to be the fresh of Christ
this bread that we bring
take and bless us in return

Take this our dear Father Lord
receive out hearts and consecrate us,
Take this offer
take these our gifts
O Lord
take and bless us in return X2

The gifts you gave we bring with us,
the work of human hands,
Will turn to be the blood of Christ
This cup that we bring
take and bless us in return

Take this our dear Father Lord
receive out hearts and consecrate us,
Take this offer
take these our gifts
O Lord
take and bless us in return X2

God of life we bring ourselves
closer to your temple
God of love we bring our hearts
to you for your mercy
All we have and all we are Lord
take and bless us in return
